

It all starts with 

BLUE DYNAMIC EFB TECHNOLOGY

Entry-level start-stop systems are usually equipped with an EFB (enhanced flooded battery). The VARTA® Blue Dynamic EFB fits vehicles with higher than normal energy demands. So, if you're looking for a battery with extended cycle life compared to a conventional VARTA battery, the VARTA Blue Dynamic EFB is the right choice.

Mainly fitted to Ford Mondeo and Ford Focus manufactured after 2010 and some VW Golf models.

VARTA Code	HCB Equivalent (Indicative of size)	Volt	Assy	Term	Length	Width	Box Height	Total Height	CCA	A/Hrs
