

Battery Chargers Booster Cables Jump Starters Solar Panels

12
MONTH
WARRANTY

PTC12V1.6A - 3 Stage Charger 1.6A

Lead Acid, SLA, Calcium, GEL, and AGM batteries

Suits Starting Batteries up to 250CCA
Suits Deep Cycle Batteries up to 100A/hr
Short circuit, reverse polarity & overload protection
LED charging status indicator

12V

Great maintainer for
Motorcycles, Jetskis
and SLA Batteries

PTC12V6A7S - 7 Stage Marine Charger 6A

Lead Acid, SLA, Calcium, GEL, and AGM batteries

Suits Starting Batteries up to 750CCA
Suits Deep Cycle Batteries up to 125A/hr
IP65 weatherproof rating
Meets EMC & CE standards, C-tick approved
Over charge & short circuit protection
Reverse polarity protection with
warning lights & audible buzzer

12V

PTC2500MA - 3 Stage Charger 2.5A

Lead Acid, SLA and Calcium batteries

Suits Automotive up to 400CCA
Suits Deep Cycle up to 60A/hr
Over charge & short circuit protection
Reverse polarity protection with
warning lights & audible buzzer

12V

PTC6000MA - 3 Stage Charger 2/4/6A

Lead Acid, SLA, Calcium, GEL, and AGM batteries

Selectable output current: 2A, 4A, 6A
Suits Automotive Batteries up to 600CCA
Suits Deep Cycle Batteries up to 100A/hr
Over charge & short circuit protection
Reverse polarity protection with
warning lights & audible buzzer

12V

PTC10000MA - 3 Stage Charger 4/7/10A

Lead Acid, SLA, Calcium, GEL, and AGM batteries

Selectable output current: 4A, 7A, 10A
Suits Automotive Batteries up to 800CCA
Suits Deep Cycle Batteries up to 140A/hr
Over charge & short circuit protection
Reverse polarity protection with
warning lights & audible buzzer

12V

PTC16000MA - 3 Stage Charger 5/10/16A

Lead Acid, SLA, Calcium, GEL, and AGM batteries

Selectable output current: 5A, 10A, 16A
Suits Automotive Batteries up to 1000CCA
Suits Deep Cycle Batteries up to 200A/hr
Over charge & short circuit protection
Reverse polarity protection with
warning lights & audible buzzer

12V

SBC10M - 3 Stage Workshop Charger

Selectable for 6 / 12 / 24V batteries

Heavy Duty Aluminium case
Lead Acid & Calcium battery selector switch
Short circuit and reverse polarity protection
Suits batteries up to 800CCA or up to 150A/hr (Charge)
up to 300A/hr (Maintain)
10A maximum charging output

CR1 - Battery State Indicator 12V

**2 pin charging connector compatible with
PTC2500MA, PTC6000MA, PTC10000MA, PTC16000MA,
PTC12V6A7S**

Easy to read LED display indicator
Weatherproof with IP 65 Rating
Mounting hardware supplied
Up to 16A Charge Current

PTC20AL - 7 Stage Charger 20A

Lead Acid, SLA, Calcium batteries
Suits Automotive Batteries up to 1500CCA
Suits Deep Cycle Batteries up to 360A/hr
Over charge & short circuit protection
Reverse polarity protection

12V

PTC30AL - 7 Stage Charger 30A

Lead Acid, SLA, Calcium batteries
Suits Automotive Batteries up to 2000CCA
Suits Deep Cycle Batteries up to 450A/hr
Over charge & short circuit protection
Reverse polarity protection

12V

PTC40AL - 7 Stage Charger 40A

Lead Acid, SLA, Calcium batteries
Suits Automotive Batteries up to 2500CCA
Suits Deep Cycle Batteries up to 500A/hr
Over charge & short circuit protection
Reverse polarity protection

12V

PTC12V20AX3 - 3 Output Charger 20A

Lead Acid & Calcium Battery selector switch
Charge 3 batteries simultaneously (can be different sizes, must be same technology)
Over charge & short circuit protection
Reverse polarity protection

12V

BC750SP - Booster Cables 750A

Suits all petrol, diesel & commercial vehicles
Fully insulated clamps with bridging strap
Surge protection guards vehicle electronics from voltage spikes
3.5 meters long

BC900SP - Booster Cables 900A

Suits all vehicles including heavy commercial & industrial vehicles
Fully insulated clamps with bridging strap
Surge protection guards vehicle electronics from voltage spikes
3.5 meters long

AP12381 - Jump Starter 1800A

Suits up to 8 cylinder large 4WD vehicles
Built in 3 stage smart charger system allows the jump starter to be left on charge
Battery volt meter, indicates power level of jumpstarter battery
Low voltage warning LED & Buzzer

12V

12v Smart Solar Panel Maintainers

Mono-Crystalline cells – 30 cells in each series
Inbuilt 2 stage charge controller / regulator
Rugged Aluminium Frame
Suits PTPM100 to mount and install into any boat fishing rod holder
1.5m cable
Rugged Aluminium Frame

12V

SPC10W

10W Solar Panel

Charging Current 800mA

301 x 356 x 28mm

Boost voltage 15V

Float voltage 14V

SPC20W

20W Solar Panel

Charging Current 1600mA

621 x 281 x 28mm

Boost voltage 15V

Float voltage 14V
